The Canyon News

VOLUME NUMBER XXXV. CANYON, TEXAS, THURSDAY, JULY 9, 1931 NUMBER 16

INSTALLED NEW OFFICERS FOR ROTARY TUES.

NEW YEAR STARTS WITH THIRTY MEMBERS IN CLUB.

Shirley Predicts Progress for the Future—Warwick Installed as President of Club.

The Canyon Rotary Club installed its new officers Tuesday for the beginning of the new year for the club. Doug Shirley, retiring president, thanked the members for the wonderful co-operation given during the past year, and expressed gratification for the progress shown, and growth of the club for the year. Mr. Shirley presented Clyde W. Warwick, elected president of the club recently, who thanked the members for the splendid co-operation and hoped that the same would be continued through the coming year.

The following are the new officers:

President—Clyde W. Warwick.
Vice President—Oscar Gano.
Secretary—Earl Robbins.
Directors—Doug Shirley, Harry Brown, Wes Kleinschmidt and Trav Shaw.

Earl Robbins reported a balance in the treasury of $144.91, after the expenses of $602.41 for the year had been paid.

The following were visitors Tuesday: Law Sone of Panhandle; N. S. Griggs, Arthur Osgood, B. E. Masters, Bill Atwood, Howard Federer and George Stapleton of Amarillo; A. Z. Carson of Russell, Kansas; Leland Johnson of Dallas.

The following committees were announced for the coming year:

AIMS AND OBJECTS COMMITTEE
Warwick, Chairman
Shirley
Hill
Warren
Kleinschmidt
Gano.

Government Wheat Tests Made by the Farmers of County

Wheat experiments conducted in Randall county during the past year under the direction of the United States department of Agriculture have been examined during the past week by I. M. Atkins, who has been assigned to Texas by the government to make a study of varieties best adapted to this section of the state. He was in Randall county last week gathering samples from all the experiments conducted this year. Atkins makes his headquarters at the Texas Experiment station at Denton, Texas, and has charge of wheat experiments in 22 Texas Panhandle counties.

Seven varieties of wheat have been planted and grown in Randall county this year. Experiments were conducted on the D. L. Adams farm in the Wayside community and on the James Lovell farm west of Canyon. This is the second year that such an extensive study of wheat varieties has been made in this section by the government man. Only four varieties of wheat were planted for the last year's crop.

Mr. Atkins gathered five samples of grain from each variety of wheat planted. This wheat will be carried to the Denton experiment station where the grain will be threshed and reports of the results of the experiments will be announced later.

The experiments were conducted through the co-operation of County Agent W. H. Upchurch.

Sixty New Lockers for Company F Men Arrive for Camp

When Company F goes to camp August 1st at Camp Hulen, Palacious, Texas, the men will carry their supplies in new lockers which arrived Monday and were delivered at the armory. This will be the only company in this section equipped with lockers, which the men are buying themselves. The company is recruited to peace strength of sixty-five men, and the officers hope to take at least sixty to camp. Captain W. E. Lockhart, First Lieutenant T. H. McDonald and Second Lieutenant D. D. Lippard are the officers of the company.

Captain H. O. Price and Lieut. C. B. Shepard, former officers of Company F but now members of the reserve corps, will go to Fort Bliss at the same time for the annual instruction.

New Officers of the Canyon Rotary Club

CLYDE W. WARWICK, President

OSCAR GANO, Vice President

EARL ROBBINS, Sec'y-Treas.

HARRY A. BROWN, Director

D. A. SHIRLEY, Director

J. WES KLEINSCHMIDT, Director

TRAVIS SHAW, Director

Mr. and Mrs. D. A. Shirley returned Monday from Cloudcroft, N. M., where they accompanied their daughter, Louise, who will attend a girl's camp.

Mr. and Mrs. Sam M. Braswell of Clarendon spent Sunday at the parental Rev. J. H. Braswell home.

Postal Receipts Show Decrease for The Past Year

Postal receipts in Canyon showed a slight decrease during the past year, according to the annual report made by Dewey Foster, assistant postmaster, to Washington. The decrease for the year amounted to $1,424.61 for the 12 months, or an average of $118.72 per month. The total business of the local office for the year was $16,885.23 as compared with $18,309.84 for the year ending June 30, 1930.

The decrease for the past three months period was a little less than the general average for the year. The last quarter showed a total business of $4,408.98 as compared with $4,151.43 for the quarter ending June 30, 1930.

Mr. Foster stated that much of the loss of revenues to the local office due to the increased use of the three-cent guaranteed return letters. He stated that about 25 of these go out in each mail. If postage stamps were paid on all of letters in Canyon it would have maintained the receipts of the local office to normal.

The 44-hour law went into effect July 1st, which will decrease the working hours of the employees of the local office four hours per week.

Judge S. B. Orton and children, Mrs. Palmer, his sister, Misses Lucy Schmitz and Helen Heath spent the week end in Santa Fe.

Mr. and Mrs. Sidney B. Farlow of Panhandle visited Mr. and Mrs. G. A. Farlow here Saturday.

HONOR ROLL OF DAIRY HERDS IN THE COUNTY

ANNUAL REPORT OF HERD IMPROVEMENT ASSOCIATION.

Forty-Six Cows Make Honor Roll for Year—Must Produce 10,000 Pounds of Milk in Year.

Annual records for the Randall County Herd Improvement Association were completed recently and show that 46 cows from herds in in the association placed on the yearly honor roll. To make this honor roll a cow must produce 10,000 pounds of milk or 400 pounds of butterfat in 12 months time.

"Brindle," a grade Jersey cow in the H. R. Fulton herd, which has led the monthly honor roll for several months during the past year, topped the yearly records with a production of 852.9 pounds of fat from 16,105 pounds of milk, although she was dry for 2 of the 12 months.

The close of the records for the past 12 months of testing marks the conclusion of the first year of the Randall County Herd Improvement Association and the conclusion of the third year's testing for a number of the dairymen in the county.

Twelve of the 23 herds in the association placed cows on the yearly honor roll. Twenty cows from the H. R. Fulton herd produced the required number of pounds of butterfat to make the roll.

The average production of the entire group of cows on the annual roll was 450.9 pounds of butterfat and 9449 pounds of milk. From the Fulton herd, which led the association for the year, the twenty cows averaged a production of 476.9 pounds of butterfat and 8554.6 pounds of milk. This is a better average production of butterfat, but slightly under the milk production. Every cow in the Fulton herd on the yearly honor roll is a grade Jersey cow.

The following is the honor roll

Amarillo Man Opens New Hardware Store on the South Side

W. D. Trolinger of Amarillo has bought the D. M. Thomas stock of goods, and is moving to the building two doors west where new store fixtures are being installed, and the stock very greatly increased in size.

Mr. Trolinger is an experienced hardware dealer, having been with the Amarillo Hardware Co., for a number of years. Mr. and Mrs Trolinger have moved to the city. She is a daughter of C. M. Presley, and is an ex-student of the College. Mr. Trolinger states that he has long considered a location in Canyon, and has great faith in the future of the city.

JURORS DRAWN AUGUST TERM OF DISTRICT COURT

TERM WILL START ON THE THIRD OF AUGUST.

Business of Session Will be Light, According to Indications Given by the Court Officials.

Sheriff John Fry is notifying jurors to appear for the opening of the fall term of the district court, which will open in Canyon on the 3rd of August.

Indications are that the business for the term will not be above the average light run of cases, states County Clerk Berl Edwards Mayfield.

The following are notified to appear as members of the grand jury:

D. S. Hill
J. B. Elliston
Walter Kuehn
Tom Lair
E. L. Prichard
M. H. Rockwell
Lester Smith
A. W. SoRelle
C. C. Stewart
Frank Wolflin
J. P. Upchurch
G. G. Vernon
Walter Dammier
C. R. Burrow
H. R. Fulton
G. B. Heath

Petit Jury, 1st Week.

W. P. Cope

To the Taxpayers of the City of Canyon:

The Mayor of Canyon wishes to call your attention to the two bond elections, one to be held on July 20, 1931, and the other on August 3, 1931. The first is for the purchase of a municipal park, and the other for the extension of water mains in the city.

These are two important issues that are facing the taxpayers, and you are urged to give each one your earnest attention. Examine into the merits of each, and show your loyalty to your city, by coming to the polls on each of these dates and voting your honest sentiments.

Respectfully submitted,

R. A. Bellah

Mayor, City of Canyon, Texas

Practically Third of Wheat Crop is Still in the Field Uncut—Shipments Amount to About 50 Cars Per Day

No Damage Done to Wheat in Fields by the Rains of Past week—Grade of Wheat Remains No. 1, Not Lowered by Rains—Car Shortage Facing Elevators Within Coming Week.

One-third of the wheat crop remains in the fields, but will be cut within the coming week or ten days if the weather stays clear. Harvest was delayed a few days this week, following the rains of Wednesday and Saturday, but all farmers were again in the fields by Monday running the combines day and night.

No damage was done to the wheat by the rains. Most of the wheat was slightly colored, and the grade cut one or two points on account of the rains, but all wheat in the county is still graded as No. 1, owing to the fact that the test had been running around 63, which is the best general average the wheat crop has ever had in the history of the county. No wind accompanied the rains of last week, which was most fortunate. A hard wind would have proven disasterous at this stage of the harvest.

Heavy acreage production has been reported by combine owners. Wilbur Hill bought a new combine this year from Thompson Hardware Co., with which he has cut 1100 acres so far, and a week's time yet remains for use. The average acreage to be cut by a combine in a season will amount to only about 700 acres, according to Mr. Thompson.

No exceptional yields are being reported by farmers, but the average as estimated is being maintained. County Agent W. H. Upchurch states that the average yield for the county will be high-

(Continued on last page)

Goes to Dalhart

GOLDEN GREEN

Golden Green, popular manager of the "M" System store in Canyon, left the first of this week for Dalhart to become manager of the "M" System store there. He is succeeded here by Porter Pierce, who has been connected with the store for several months.

During the two and one-half years Mr. Green has been manager in Canyon, he has made a most enviable record, having won several cash prizes offered by food companies for high sales of their merchandise, and having received honorable mention by the managers of the company for cleanliness of the store and good managership on several occasions.

Six employees who were trained in this store have been sent out as managers of other stores while Mr. Green has been here. His change to Dalhart is a promotion to a much larger store.

Mr. Pierce who succeeds Mr. Green, was associated with his father in the Piggly Wiggly Store here, before starting to work for the "M" System. He will continue the policies which have been in vogue in the local store, and which have made it one of the most popular business institutions in Canyon.

Build Highway in Canyon Will Get a State Park Soon

J. R. Edwards, secretary of the Turkey Chamber of Commerce was in Canyon for a short while Friday. He expressed himself as being highly in favor of a State Park System, especially for the Palo Duro canyons. He believes that the right move for such a park system is action on the part of the local people. He was pleased with what had been done at the park by the local chamber of commerce and the other organizations which aided in getting the park east of town opened up.

The Turkey secretary believes that one way to make a state park in the canyons a sure thing is to get public demand so strong that the state government will be forced to do something. He outlined a plan which he believes would result in a park.

"If the land owners would donate the land for a right of way down the canyons and the commissioners court of each county would build the road within their county, then the state park would be only a thing of a short time," Mr. Edwards asserted.

Band Concert Sure Tonite Says Strain

Owing to the fact that the wires had been disconnected and could not be repaired in time for a concert last Thursday evening, the Buffalo band was unable to play the scheduled concert.

C. E. Strain, leader of the Buffalo band, states that the wiring in the bandstand has been repaired, and that the band will be on hand for the concert at 8:00 o'clock tonight.

Harold Foy returned Tuesday from Abilene where he spent the week end.

Palo Duro Visited By Large Numbers During the Holiday

More than 700 people from several states visited the Palo Duro Park located 13 miles east of Canyon, on Sunday, July 5, according to records of the custodian. From this number a large part of them had never viewed the beauty and gradeur of the colorful Palo Duro Canyons.

The Park site which was opened by the Canyon and Amarillo chambers of commerce and the Palo Duro Park Association has attracted thousands of visitors from over half of the states of the nation, since its opening day, May 16.

The present park site covers one section of land which was formerly used for grazing purposes. This gives the public an opportunity to see a part of the beauty and grandeur of the canyons which was not possible heretofore.

In the past only a few places were open to the public and at each of these an admission charge was made. There is no charge to visit the Palo Duro Park

Although there are no roads leading to the bottom of the canyons at present, a winding road leads around the canyon inside the park for several miles, offering a splendid scenic drive. The canyons are especially beautiful in late afternoon during the summer months.

A large majority of the visitors Sunday were from Amarillo while a number of Panhandle towns were well represented.

Federal Inspection of Highway West is Made Yesterday

The grading and drainage of the highway west from Canyon was subject to the inspection of the federal government engineers yesterday, according to D. E. Covington, county commissioner. The highway had been inspected by the state engineers and the work accepted.

The heavy rains of the past week was of great benefit to the new grade, but caused a great amount of work to be done before the inspection by the federal engineers was possible. The grade has been put in perfect order and will settle fast following the rains. Heavy traffic will be resumed when it is learned that the highway grade is completed. Much of the through traffic, and practically all of the local traffic was diverted during construction of this highway.

MEMBER TEXAS PRESS ASSOCIATION

Most banks make a service charge of 50 cents per month on accounts which run less than an average of $50 during the month. Many banks charge the drawer of a check 25 cents when a check has to be turned down, because it takes a lot of time to handle dead checks. Other banks now charge 4 cents each for all checks handled on small accounts. Perhaps the banks are to blame if the public does not understand these charges. A few years ago everyone was urged to have a bank account and pay by check. Too many deposit $10 and go out immediately to write small checks amounting to $11 or more. The bank was out a lot of time to handle the checks; out postage for return of dead checks; out the cost of stationery and postage in making reports at the end of the month. The banks are now assuming a business attitude toward deposits. It is a convenience to have a safe place to put your money. If it costs the bank to provide for this safety, then those who reap the benefits, without making a just contribution in the way of an adequate daily balance, should be willing to pay the cost of this convenience.

Something to worry about. What will become of the Panhandle if 100 men start to raising wheat on the same scale as Hickman Price is doing this year? It would mean all little farmers displaced, about a million people working for 100 big plants instead of for themselves. This is the question now being raised, and some feelings are shown against Price with his big industrial farming plant. Nevertheless, we refuse for the moment to get wrought up on these hot days about the situation. If the thing is right and profitable, it will come regardless of what we may think about it for the moment. If it is wrong, Price and others who are hoping to follow his example will soon discover the fallacy. Farming on a big scale is not new; it has been tried time and again—sometimes a success; sometimes a failure. The old ranchers said that the Panhandle was ruined when we broke up the ranges and started farming; now it is being ruined by making the farms too big; next year it will be ruined by something else; there will always be something new to ruin it; and progress continues, regardless.

A movement is on for the union of the Congregational and Christian churches. Other denominations have made overtures, but always end up in disputes over minor questions. It is harder to give up matters of denominational belief and training than anything else in the world. A world-wide movement for the consolidation of churches would be a great thing for civilization. There is little more reason for having eight churches in Canyon than there would be to have eight separate and distinct school systems, if there is only one heaven to which all seek to go and if we must all agree should we reach there. Denominational pride is costing the people more than they are getting out of it religiously.

What to do with the professional dead beat takes more time and thought than most any phase of the business man's life. Don't feel peeved, if you are honest, the next time a merchant asks you for information before he gives you credit, or cashes your check. The professional dead beat is working new schemes all the time, in order to get the business man's money. He thinks fast, and moves faster. Just try running a business for a little while, and you will sympathize with the merchant who seems to assume a hard-boiled attitude when you ask to carry away his goods, or get his cash with a check.

The highway count between Canyon and Amarillo last week showed no increase in traffic over 1930, largely because the highway west of Canyon is under construction and more than two-thirds of the traffic which ordinarily goes west was diverted west from Amarillo. If there had been a normal traffic west from Canyon, the number of cars between Canyon and Amarillo would have been increased practically a thousand daily. No one realized before this highway was paved that more than 3000 cars daily would possibly use this pavement in the course of two years.

True sportsmanship always meets the approval of the public. At Amarillo recently nothing was heard but praise for Cal Farley and Jack Reynolds. At Cleveland Friday night Stribling was defeated by Max Schmeling for the heavy weight championship of the world in a fight which was pronounced to be clean from start to finish. The unfair wrestler or fighter may seem to succeed for a period, but in the end his tactics will meet with disapproval.

Timely rains will mean a bumper row crop in Randall county this fall. What it will be worth, or what the farmer may do with it to realize a legitimate return is yet to be seen. Feed crops are not rushed to market as the wheat crop must be, and it is hoped that something will happen to give the farmers a real profit on his feed this fall.

Attorney General Jimmie Allred is alive to his job down at Austin. He is now after the district judges who have been allowing excess witness fees. He states that at least one district judge will face impeachment charges. No respecter of person, was the platform of Allred in his campaign last year. He seems to be living up to the slogan.

Hereford believes that the T. & P. extension will be ratified by the Interstate Commerce Commission before many months. Work is being continued on the movement in Hereford, with the hope that the report as filed by the examiner last week will not be accepted by the commission.

"Eat More Wheat," is the campaign being started. During the war we all got started to eating corn bread. Now we are told, in the wheat belt, to get back to wheat. We're doing out best; anything to help the wheat man just now.

The highways are crowded with traffic these summer days. Drive carefully. No one should be in such a great hurry that they would carelessly hazard their own lives, and those others who have a right to safety upon the highways of the state.

The new motor engines on the Santa Fe are put in operation with a view of improving service to the patrons. The Santa Fe is always awake to all modern methods to improve its service. It is a real joy to live on the Santa Fe line, and be served by this company.

Some one has discovered that wheat is worth 60 cents per bushel for fuel. It is cheaper than coal, say those who have experimented. At least it is worth a trial in these days of low priced wheat, and prospects of higher priced coal should freight rates be increased.

Wheat makes the very best hog feed, according to those who have tried it out. While hogs are not bringing a very good price, wheat marketed through hogs will bring more than 35 cents per bushel.

OLD ONE BOBS UP AGAIN

"Which travels faster—heat or cold?"

A Woman's Working Time

The eight hour day and the 5½-day week is quite generally established in business. This makes a 44-hour week.

In the home however, recent surveys show that the farm woman works 61½ hours a week. The city dweller is not exactly an idler, either. Her working time is 49½ hours a week.

Almost endless hours of cooking, dishwashing, cleaning, mending, sewing, washing and ironing!

The rest of the time they have to themselves, unless one of the children is ill, or something else developes to upset the customary schedule. Electricity has contributed in no small measure to reducing the working hours of BUSINESS.

It can reduce the working hours in the home as well. Electrical appliances not only cut down the working hours, but make the work more pleasant by relieveing you of the heaviest and least pleasant part of the work.

Cut down your working time! You can use it to much better advantage in other ways!

PHONE NO. 41

DELIGHTFUL PARTY AT T. W. ZIEGLER HOME

A jolly affair was held at the home of T. W. Ziegler, 1105 Seventh avenue, Saturday evening when Mr. Ziegler entertained a number of his friends in celebration of his and Rev. R. L. Hudson's birthday anniversaries.

A delicious dinner was served at 8 o'clock. Patriotic colors were used in the table decorations and the centerpiece was a large birthday cake topped with candles and attractively iced in red, white and blue.

Following the dinner games of dominoes were played until a late hour. Those present were: Rev. L. R. Hudson, Bill Goodman, Jasper Goodman, Mr. McBroom, Al Morgan, Roy Long, Bennie Cupell, Mr. Amason, E. J. Parsons, Pete Hancock, Mr. Smith and Mr. Ziegler.

MISS MALONE HONORS SISTER AND MRS. LAWRENCE HILL

One of the gala social events of the season took place Thursday evening when Miss Tennessee Malone, college librarian, honored her sister, Miss Fannie Malone, and Mrs. Lawrence Hill.

Miss Malone comes to visit her sister from Drake University, and Mrs. Hill is from Columbus, Ohio. Both are former members of the W. T. faculty.

The walls were gaily decorated with Mother Goose pictures, the problem of the evening being to write the nursery rhyme for each pose. After Miss Ruth Lowes had read the correct rhymes, Mrs. C. W. Batchelder was awarded first prize for having the most nearly correct booklet. Mr. J. L. Duflot gave a modern version of nursery rhymes.

Guests, including about one hundred in number, were faculty members and special guests from Amarillo, Miss Margaret Boulware and Miss Anna McDonald, both former members of the college faculty.

The guests were received by Miss Carlie Cord. Misses Mary Berryman and Margaret Strain poured punch throughout the evening.

MRS. J. B. REDFEARN HOSTESS TO CLUB

Mrs. Jim Blair Redfearn charmingly entertained with a luncheon bridge at the home of her mother-in-law, Mrs. J. M. Redfearn, 1005 Fourth avenue, Thursday afternoon. The occasion was offered by the meeting of the Joli Mardi club.

Garden flowers were attractively arranged with fern throughout the rooms. The guests assembled at 9 o'clock and enjoyed several rounds of bridge. At the close of the play, Mrs. Jasper Atkins was awarded high score prize and consolation went to Mrs. Clyde Johnston.

A delicious salad course was served at the luncheon hour. The tables were laid in attractive cloths and centered with vases of sweet peas.

Seated were: Mrs. M. L. Saddoris, Mrs. F. F. Ferrell, Mrs. Clifton Duke, Mrs. W. T. Simmons, Mrs. Victor Steen, Mrs. Dee Lowry, Mrs. Jasper Atkins and Mrs. Clyde Johnston.

Do your shopping in Canyon.

MEREDITH AND BERNARD WARREN ENTERTAIN

Meredith and Bernard Warren, young sons of Mr. and Mrs. W. A. Warren, entertained a few of their friends with a fishing party at the Canyon Country Club Tuesday.

The party was sponsored by Rev. R. L. Hudson who helped them spread a fried chicken and watermelyon feast at the supper hour. Fishing was the pastime for the remainder of the evening. The boys also spent the night at the club, returning early Wednesday morning.

Those present were: Geo. Davis of Amarillo, Hampton and Leslie Lisle, Rev. Hudson and the hosts of Canyon.

JOHN MATNEY WEDS MIAMI GIRL WEDNESDAY

A wedding of interest to residents of Canyon took place Wednesday, July 1, when Mr. John Matney of Miami, formerly of this city, took as his bride Miss Maurita Simmons, also of Miami, in a quietly impressive double ring ceremony performed at 6:30 in the parlor of the Amarillo Hotel, Amarillo. The nuptial vows were read by the Rev. Ira F. Key of the Polk Street Methodist Church. The couple were attended by Mr. and Mrs. Virgil Matney of Plemons.

The bride is the attractive daughter of Mr. and Mrs. R. L. Simmons of Miami, prominent residents of that city. She chose as her wedding gown a lovely dress of dark blue with accessories to match.

The groom is the son of Mrs. Edna Moore of Canyon. He was reared here, attended both the W. T. training school and the college. For the past several years he has been employed as Santa Fe operator at Miami.

Immediately after the ceremony a delicious wedding supper was served at the Amarillo Coffee shop. The couple then left for an extended honeymoon trip to Denver, Salt Lake City and Los Angeles. They will make their home in Spearman after August 1.

MRS. HARRY INMAN HOSTESS TO CLUB

Mrs. Harry Inman entertained the members of the Loyal Dozen club at her home on Seventh avenue, Friday afternoon.

Sewing formed the diversion of the afternoon and at the refreshment hour ice cream and cake was served to the following: Mrs. N. T. Dickerson, Mrs. Victor Steen, Mrs. Fred E. Wortham and the hostess.

The club will meet tomorrow afternoon with Mrs. Carl Morton.

MRS. KUNZE HOSTESS TO GUILD TUESDAY

Mrs. W. C. Kunze was hostess to the Presbyterian Missionary Guild at the manse, 1010 Fifth avenue, Monday afternoon.

"Stewardship," the lesson topic for the day, was ably conducted by Miss Virginia Jarrett. An entertaining musical program was given followed by a business meeting. The Guild made arrangements for the presentation of a play, "What Owest Thou The Lord," within the near future.

Delicious refreshments were served.

CANYONITES ENJOY WEEK END PARTY

Mr. and Mrs. A. T. McCarty of Trinidad, Colorado, gave a delightful party the past week end at their vacation lodge on Trinchero Peak near Blue Lake, Colorado, honoring relatives and friends of Canyon.

Horseback riding, hiking and other outdoor sports furnished ample diversion for the guests who greatly enjoyed the refreshing coolness of the mountain.

Those who attended from Canyon were: Miss Betty Nelson, Miss Maxine McKinney, and Gordon and Bonner McCarty.

MRS. SUSAN KEY IS HOSTESS TO BLUE BONNETS

Mrs. Susan Key was hostess to the members of the Blue Bonnet club at her home on Seventh avenue Thursday afternoon.

The afternoon was pleasantly filled in sewing and conversation. At the refreshment hour ice cream, cake and punch were served by the hostess.

Garden flowers were used in decorating the entertaining rooms.

CHRISTMAS PARTY IS ENJOYED BY GUILD

Members of the Missionary Guild of the Presbyterian church celebrated the Fourth of July in a most unusual way when they enjoyed a Christmas party, tree and everything, at the home of Rev. and Mrs. W. C. Kunze, Saturday evening. The affair was a benefit for the Begota Mission in South America, which the Guild partially supports.

The rooms were decorated in the Christmas colors of red and green and the tree was loaded with gifts. These gifts, though sent immediately, will be some months in reaching their destination as they must go via New York City and then many miles in to the interior of the South American continent.

Christmas stories were the diversion during the early part of the evening, and a corn popping was enjoyed later. The gifts were opened at 10:30, preparatory to packing for shipment.

FORMER CANYON GIRL IS MARRIED RECENTLY

It was announced this week that Miss Dewey Mae Gibson, formerly of this city, and Rev. William Grant Beck of Shawnee, Okla., were married recently at Shawnee.

Rev. and Mrs. Beck are in school at O. B. U. where Mrs. Beck is studying toward a degree and Rev. Beck is preparing for the ministry.

Joe Hill, Jr., returned Friday from Cincinnati, Ohio, where he spent a few weeks with Archibald Lang.

VISITS NEWS PLANT

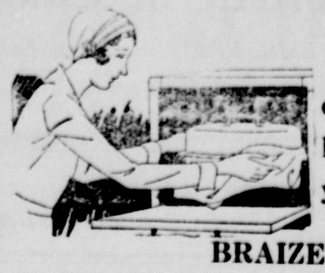
J. L. Thompson of Plattsburg, Mo., was in the city Thursday and visited the News office. Mr. Thompson is in Randall county seeing after his farming interests here, and superintending the harvesting of his wheat.

Mr. and Mrs. Dan K. Usery and daughter Miss Frances, and Miss Esther Rudolph spent the week end with relatives at Hennessey, El Reno and Anadarko, Oklahoma.

Mrs. L. F. Sheffy and Mrs. Clyde W. Warwick were in Plainview Friday attending a dinner given in their honor by Mrs. A. B. Martin and Mrs. Hubert Dysart.

WOMEN OFTEN PAY A DOUBLE PENALTY for wearing this gag of unselfishness or silly pride. Profuse or suppressed menstruation should never be considered necessary. Painful periods are Nature's warning that something is wrong and needs immediate attention. Failure to heed and correct the first painful symptoms usually leads to chronic conditions with sometimes fearful consequences. **Dr. Pierce's Favorite Prescription** is for women's own peculiar ailments and can be obtained at any drug store. Every package contains a Symptom Blank. Fill out the Blank and mail it to Dr. Pierce's Clinic, Buffalo, N. Y. for FREE medical advice. Send 10c if you want a trial package.

Go Away and Forget It!



Put the roast in the oven, turn the fire very low and your time is your own.

BRAIZED BEEF

2 to 3 pounds of beef, drippings of other fat for sauteing, 2 tablespoon of butter or other fat, 1 chopped onion, 1 chopped carrots, 1 tablespoon chopped parsley, ½ cup diced celery, 1 cup canned tomatoes, salt and paprika.

Cut the meat into cubes; brown in hot frying pan with drippings. Stir the meat so it will cook quickly and not lose its juices. Tender cuts can be cooked whole. Remove the pieces to a closely covered kettle and place in oven. Rinse the pan with a quarter cup of boiling water to save all browned bits, and pour this over the meat. Cover tightly and cook slowly for two hours.

For the sauce, melt butter or other fat and brown the onion and carrot in it. Add parsley, celery and tomatoes. Heat thoroughly. Add seasoning. Pour the sauce over the meat and continue cooking for another hour.

Rebekahs Install New Lodge Officers, Mrs. Ruby Tanner is Made Noble Grand

The Canyon Rebekah Lodge met Tuesday evening at the I. O. O. F. hall and installed the recently elected officers for the next term of six months.

District Deputy President Miss Columbia Redfearn was assisted in the installation services by Mrs. Lucy Brown, deputy grand marshall, and the following staff of past Noble Grands: Mrs. Helen Benge, Mrs. Ida Johnson, Miss Tenie Thompson and Miss Olive Schramm.

The officers installed were: Mrs. Ruby Tanner, noble grand; Mrs. Bertie Strain, vice grand; Miss Columbia Redfearn, chaplain; Mrs. Marie Hair, inside guardian; Mrs. Pinkie McBride, outside guardian; Mrs. Lucy Brown, musician; Mrs. Margaret Cole, warden; Mrs. Mildred Sullivan, conductor; Mrs. Ida Johnson, right supporter of noble grand; Mrs. Winnie Loudder, left supporter of noble grand; Mrs. Myrtle Stratton, right supporter of vice grand, and Mrs. Winnie Gibbs, left supporter of vice grand.

Officers who hold over for another term are: Miss Maye Warren, secretary; Mrs. Nannie Myers, treasurer; Mrs. A. K. McBride, captain; and Mrs. Myrtle Stratton, reporter.

The past term has been very successful from every point of view and much was attributed to the work of the past noble grand, Mrs. Minnie Hendrix. The secretary and treasurer were complimented for their very efficient service. It was urged that all members as well as officers attend every meeting and assist in the work of the lodge.

Following the services, Miss Columbia Redfearn invited the members to the dining room where a social hour was enjoyed. She was assisted by Mrs. Maude Wagy and Miss Tenie Thompson.

The tables were laid in white and were centered at intervals with vases of shasta daisies. Delicious refreshments of sandwiches, mints, angel food and devil food cake and punch were served.

Special guest at the affair was Mr. Wagy who is a member of the Odd Fellow Lodge.

Mr. and Mrs. J. R. Harter returned Sunday from Happy where they visited in the home of their son, Charles.

GUESTS AT SANFORD BLACK AND P. F. HICKS HOMES

Mr. and Mrs. Sanford Black and Mr. and Mrs. P. F. Hicks had as their week end guests, Mr. and Mrs. J. Elmer Barron and daughters, Evelyn, Lenora and Elmerine of Lamesa; Mr. and Mrs. James Collins of Pampa; Mr. and Mrs. J. T. Bradley and X. C. Umphres of Amarillo, and Mrs. G. R. Reid, who returned Friday from a month's visit with her sisters in Oklahoma City and Chillicothe. Mrs. Reid also visited other relatives in Norman, Okla., Quanah, Vernon, Childress and Pampa.

MARTHA LEE FOSTER CELEBRATES 6th BIRTHDAY

Little Miss Martha Lee Foster delightfully entertained with a birthday party at her home Monday afternoon. Martha Lee was six years old and received many pretty gifts.

After two hours of games, her mother, Mrs. Mark A. Foster, served ice cream and cake to the following: Bobbie and J. A. Tate, Martha Jean, Bobbie and John Carroll Dowd, Martha Jo and Tommy Rowan, Claribel and Shirley Newberry, Wayne and Cora Lee Wirt, George and Evelyn Black, Betty Jo Foster, Mary Frances Eastwood, Ruth Price, Emma Lee Prichard, Claudine Foster, Manis Read Foster, and her grandmother, Mrs. R. W. Foster.

Mrs. Foster was assisted by Mrs. Tate, Mrs. Dowd, and Miss Marie Price.

MISS MARGARET JUSTICE COMPLIMENTS HOUSE GUESTS

Complimenting her sister, Miss Martha Justice and Miss Wanda Van Gieson, of Fort Worth, who were her house guests over the week end, Miss Margaret Justice entertained with a delightful party Saturday evening at the home of Mrs. N. E. McIntire, 1309 Fifth avenue.

Games of New Market furnished the diversion for the evening and at a late hour a refreshing dessert course was served.

Seated for the games were: Miss Justice and Miss Van Gieson, honorees; Miss Ruth Strain, Miss Isabel Robinson, Mrs. N. E. McIntire, Mrs. Pat Whittington of Amarillo, and Charles Strain, Ormonde Joiner, Meredith Ashby, Ray Robbins and Bill Dawes.

MRS. J. M. DAUGHERTY IS HOSTESS TO CLUB

A decorative scheme in which red gladiolas, larkspur, daisies and calendulas were featured was selected by Mrs. J. Madison Daugherty of 1310 Eighth Avenue when she entertained Las Senoras Nuevas club Wednesday afternoon.

Four tables, with attractive tallies in green and yellow designs, were placed for the guests. A delicious refreshment course of cantaloupe rings with mint sherbet, waffle wafers and iced tea was served.

Guests for the occasion were: Mrs. Felix Neff, Mrs. Hud Prichard, Mrs. Claude Moore, Mrs. Glen Costley, Mrs. Jack Boutwell, Mrs. Jim Rose, Mrs. Carl Scott, Mrs. Andy Walsh, Mrs. Owen Williams, Mrs. Harry Woods, Mrs. Hubert Hartman, Mrs. Forrest Ferrell, Mrs. Ray McReynolds, Mrs. Ted Schuler of Petersburg, Mrs. Bill Morris of Glendale, Calif., Mrs. Robert Neblett of New Orleans, and Miss Irene Gilley of Ft. Worth.

Mr. and Mrs. L. N. George have as their guests this week, Mrs. B. Q. Green of Houston, Mrs. Minnie Jones, Mrs. Alvin C. Thompson and Miss Martha Duncan of Hereford.

Fred A. Bond of San Diego, Cal., is here to visit for a week in the home of his brother, J. R. Bond.

Miss Mary Moss Richardson visited relatives and friends in Lockney the past week end.

Robert W. Foster attended to business interests in Amarillo Wednesday morning.

MRS. G. W. AVENT IS HOSTESS TO SOCIETY

Mrs. G. W. Avent entertained the Methodist Missionary society in her home, Tuesday afternoon, July 7, at 3 o'clock. The rooms were attractively decorated with white daisies.

The meeting was opened with the song, "Come Thou Almighty King," followed by a prayer by Mrs. Elizabeth Fry Page. The devotional, "Comradeship With the Divine" was impressively given by Mrs. J. H. Braswell.

"Forestalling Future Illiteracy" was discussed by Mrs. Clyde McElroy, Mrs. William Ash, Mrs. Laurence Shuman, and Mrs. A. W. Sternenberg. The song, "Close to Thee" closed the meeting.

The following entertaining social program was given: Reading, Doris Davis, tableau, "The Village Choir," "Shut Your Eyes and Open Your Mouth," "An Old Man's Darling—A Young Man's Slave," by Mary Mae Harrison, Irene and Sarah Thompson, and Mary Ella Lowe.

Dainty refreshments of ice cream and cake were served by Mrs. Avent's daughters, Miss Avent and Mrs. Davis.

MEETING STARTED LAST NIGHT ON SOUTH SIDE

Rev. C. H. Miller and wife of Houston are here to conduct a meeting for several days on the south side of the square. The meeting is sponsored by Rev. S. G. Shields, pastor of the Assembly of God's Church in Amarillo, and members of his congregation. Rev. Shields is well known to the radio audience, speaking every Sunday morning over KGRS.

The public is invited to attend these services.

DAUGHERTYS ATTEND FAMILY REUNION

Mr. and Mrs. J. Madison Daugherty left Saturday to attend the annual family reunion held at Ft. Worth in celebration of the birthday anniversary of Mr. Daugherty's father, who is 81 years old.

They returned home Monday and were accompanied by Miss Irene Gilley, a niece of Mr. Daugherty, who will remain for an indefinite visit.

SPOKE AT McLEAN

Clyde W. Warwick, state representative, spoke Tuesday night at McLean at the annual picnic of the Lions Club. He was accompanied by L. F. Sheffy, field secretary of the Panhandle-Plains Historical Society, who is working in the interest of the Museum building fund.

Attendance in the College for This Summer is Called Unique—Largest in Number, Upperclassmen, Grad. Work

L. N. George, secretary of the ex-students association of the College, pointed out some interesting facts about the summer session of the school. The following statement was made yesterday:

First: It is one of the largest that we have ever had. Second: There are more upperclassmen than ever before. Third: There are only two teachers colleges offering graduate work this summer, and W. T. has the largest graduate school in teachers colleges in Texas. Fourth: More superintendents, principals and heads of departments are in attendance this summer than ever before. This is why there are more families in Canyon and why our houses are practically all rented. This also accounts for the unusual grocery business in Canyon this summer. Fifth: The spirit of loyalty is more evident this summer than usual. The students are higher in their praise of the work. There is a closer co-operation between instructor and the instructed. Students from other states and other colleges in Texas comment upon the democratic attitude of our instructors. Many are planning to finish their college work here.

Hundreds of these students are going away to teach somewhere this fall. They are most thoroughly sold on the school and plan to return next summer. What I want is that the people of Canyon cooperate in getting these people to send the college prospects which they find in their respective communities to W. T. Many of you are doing this already and that is fine.

But, are we all doing our best? We have everything to gain and nothing to lose. Make it a point to see some of these yourself and do a bit of missionary work, if you please. Never before has there been such an opportunity for a little personal work to count for so much in getting students for our college and good families for our town.

The following are facts regarding the attendance this summer: 88 students come from 13 states other than Texas, scattered from Massachusetts to California. 112 Texas counties are represented, scattered from the Louisiana border to El Paso. Potter has 120 students, the largest outside of Randall; Hale and Donley are tied for 3rd place with 27 each; Hall, Carson, Gray and Collingsworth have large numbers; Lubbock send 7; Dallas, 8; New Mexico, 43; Oklahoma 20.

Mark Foster and family spent Sunday in Kress.

J. I. Penrod of Happy was a business caller in the city Tuesday.

Trades Day and Fourth is Quiet Day For Canyon

Canyon's business houses stayed open for business Saturday in spite of the Fourth of July, and Trades Day was observed. As was generally expected, it was a quiet day, owing to the fact that farmers were too busy with their wheat harvest to take any time off.

However, a light rain fell generally over the county in the middle of the afternoon which slowed up the harvest in most places, and many of the farmers came in late Saturday to do their week's buying.

Trades Day will be held again in August, and at that time the farmers will be over the big rush of harvest.

More Rain Here Falls on Fourth

Another rain Saturday afternoon and night added .20 of an inch to July's moisture record.

The rain was general over the Plains, and has slowed down harvest very much, following the heavy rain of last Wednesday, amounting to 2.25 inches.

Cool weather has prevailed thruout the last week, and was a very great relief to the record heat for the month of June.

Another Rain Falls.

A light rain of .20 of an inch fell in Canyon last evening. There was considerable wind in some parts of the county, which may damage some of the wheat to some extent.

Lockney Golfers Coming on Sunday

Canyon golfers will go into action next Sunday after a week off in the Wheat Belt tournament. Lockney's team will be here Sunday.

Canyon is tied for third place, and the team hopes to add a victory and improve the club's standing in next Sunday's contest.

BEST SCORE ON THE COLLEGE COURSE IS 70

John D. Harper, of Swearingen, Texas, has turned in the best golf score so far, for the summer at the West Texas State Teachers College. He shot an even 70 for 18 holes at the college course.

Those who have observed Harper's play are very enthusiastic about his possibilities as a golfer. Despite the fact that he swings cross-handed, he has a very even and consistent stroke.

107 BALES OF COTTON RAISED LAST YEAR

According to the federal census on cotton for last year, Randall county had eight farmers who planted cotton on 271 acres, and the yield was 107 bales of cotton and 54 tons of cottonseed.

This is more cotton than most people thought was raised in the county, and the yield is much better than anticipated. Less than a quarter bale to the acre was the general report for Plains and West Texas counties.

Now It's Stylish to Shoulder Arms

FOR ADDED WIDTH AT THE SHOULDERS MAKES WAISTLINES AND HIPS APPEAR SMALLER

BY HARRIET

WIDE shoulders are changing the silhouette markedly, on the latest summer clothes.

There is no denying that given wide shoulders, the waistline seems much slenderer and hips slither away to mere nothings. It is a cut that is flattering to most women of normal proportions.

There are many new and ingenious ways of achieving the wide shoulders. A neat and somewhat tricky little Kingfisher blue flannel coat has epaulets that run down the shoulder and end in curved line on the top part of the arm. This is superb for the wide-shouldered effect. A green flat crepe frock has a cape arrangement that begins at yoke depth in back, comes across the arms at about the old-time vaccination mark line and ends in a curve tucked into the arm seam in front. It doesn't go around the arm at all.

New white frocks make much of the wide-shouldered fashion. There seem to be two distinct schools of wide shoulders. Tailored ones and soft, feminine ones.

It seems to be the trick to make the wide shoulder effect part of the waist, with no sleeve added, in the former, or tailored group. This often means pointing the shoulder seam down on the arm, curving it, cutting the armhole this way and that to achieve more width at the top.

The more dressy things, however, add sleeves that do not seem sleeves but part of the frock. A more intricate trick, this is, but most effective, especially if it is in some crisp material, such as organdie.

One of the former, a wide-wale pique worn by a society girl at the races the other day, was reminiscent of another day when kimono sleeves first came in. Not that this frock had any sleeve at all, but the shoulder cut looked a bit like kimono sleeves on old bungalow aprons did. The frock was a two-piece model, with the skirt fitted beautifully and buttoned up the front with white pearl buttons. The blouse was a slip-on, with a bit of a nautical touch in the way of some ship's insignia embroidered in front for decoration.

There is a suggestion of the kimono in the shoulder cut of this wide-wale pique frock, left, which suggests sleeves and then forgets them. Three fly-away bands of organdy secure a wide-shouldered effect on the white organdie dress, right.

The second was a lovely little white organdie, cut in dressmaker fashion with intricate seaming and hand-finished edges. It had a cute little tie effect made by three fly-away bands of the organdie. The same identical idea was used to get the wide-shouldered effect. Three bands of the organdie were joined to form the shoulder and were let fly at the armhole, coming down to make a little sleeve.

35 Cents For Your Wheat

DIRECTORS PANHANDLE-PLAINS MEETING HELD

A meeting of the board of directors of the Panhandle of Texas, Inc., was held in the Amarillo Hotel Tuesday. It was decided by the group to continue with its policy of taking exhibits to the various state and mid-west fairs. The itenerary for the coming fall may be shorter than unusual, the directors stated.

A special drive will be made within the next few weeks to raise funds sufficient to carry on the work on an extensive scale.

Those attending from Canyon were: President J. A. Hill, vice-president of the organization; Travis Shaw, W. H. Upchurch and Fred E. Wortham.

MISS PAULINE PRESLEY WINS THIRD IN BEAUTY CONTESE

The museum rooms of the Panhandle-Plains Historical Society located in the administration building of the College, will be open to the public each afternoon from 2:30 to 4:30 for the remainder of the week, Prof. L. F. Sheffy, field secretary of the society has announced.

BIG SMOKES ARRIVED.

The Canyon Fire boys have received the $375 worth of cigarettes which they ordered last week thru Mayor R. A. Bellah. The cigaretts are now under lock and key, and will be dispensed to members of the department who are faithful in drill attendance.

On this purchase the boys saved $90 which will be added in a few weeks as a state tax on cigarettes.

REEDS UNDECIDED.

Coach Claude Reeds stated yesterday that he was yet undecided about the offer made to him by the Central Teachers College of Oklahoma. He was recently offered head of the physical education department, and is awaiting reply as to a proposal which he made the college regarding the position.

VISIT CARLSBAD

A party composed of Miss Opal Scott, Miss Ruth Pendergrass, Miss Annie Laurie Scott, Nolan Tarbell, H. V. Lee, and Mr. and Mrs. M. E. Pickle of Amarillo spent the week end visiting at Carlsbad, El Paso and Juarez.

STORK SPECIAL

Mr. and Mrs. Jasper Atkins of Portales are the proud parents of a 5½ lb. baby girl, Nancy Joanne, born Saturday, July 4. Mr. and Mrs. Atkins have recently moved to Portales from Canyon.

EPISCOPAL CHURCH

Student Bible class, 9:45 a. m.

Children's Sunday school, 4 p. m.

Rev. E. E. Madeira will preach at 8 p. m.

Everybody is invited to attend all services.

VISIT ENCAMPMENT

The families of Frank Hicks, Sanford Black, Elmer Barron, James Collins, J. T. Bradley, X. C. Umphres, and Mrs. G. R. Reid spent the Fourth at the Baptist Encampment grounds.

HAS TONSIL OPERATION.

Little J. R. Jr., small son of Mr. and Mrs. J. Roy Moses underwent an operation for the removal of his tonsils Tuesday. He is reported to be getting along nicely.

Guests of Mr. and Mrs. S. H. Condron this week are Miss Carol Holder and Miss Jean Bourland of Clarendon.

Tobacco smoke kills some insects, but no one has been successful in teaching them to smoke.

If matches are made in heaven, those who borrow them here will probably be a nuisance up there.

YOU CAN HAVE FRIENDS

If you don't contradict people too much.

If you do not pry into the personal affairs of the people you meet.

If you will say a good word for things that you may not happen to possess.

If you will assume a spirit of happiness and pleasure in whatever walk of life you happen to be. In other words don't be a kicker or a knocker.

If you will turn a deaf ear to most scandalous and "catty" talk.

If you will respect everybody's religious belief, even if you differ.

If you will keep your attention more upon others than upon yourself.

Sounds like a large sized order but in proportion as you are able to you will have your friends.—Selected.

Jowell News

Everyone was too busy with the harvest to celebrate the Fourth in this community.

Mr. and Mrs. J. P. Sims of Weslaco, Texas, came Friday to visit with their sons and families.

Mr. and Mrs. L. A. Glenn motored to Tulia, Saturday and visited with relatives over Sunday.

Mrs. P. P. Doss, Mrs. M. W. Dooley, Mrs. J. J. Leavitt and Mrs. Marion Davis visited in the Davis home Sunday.

Mr. and Mrs. O. Smith and Mr. and Mrs. Homer Abney motored to Sudan, Sunday.

Miss Ruth Burtz visited with Mable Leavitt Tuesday.

Henry and Paul Irlbeck visited with J. L. Irlbeck and family, Sunday.

Mr. and Mrs. R. E. Sims and children, Mr. and Mrs. J. P. Sims took dinner with Lee Sims at Happy, Sunday.

Mr. and Mrs. J. J. Leavitt and children were in Amarillo Saturday, they returned home following a week end visit with friends here.

Mr. and Mrs. J. D. Price and son, and Mrs. W. C. Myers and son of Plainview spent Wednesday in the parental W. S. Myers home.

Little Miss Jane Anne Warren of Friona is visiting her aunt and uncle, Mr. and Mrs. Joseph B. Gamble.

Miss Debbie Patterson and Miss Helen Lee Kenyon of Amarillo spent the week-end with Mrs. Ethel Black and Miss Gwendolyn Black.

HOW MOMMER FEELS ABOUT IT

"Mommer, what becomes of an automobile when it gets too old to run any more?"

"Why, somebody sells it to your pa, dearie, for a used car good as new."—Florida Times-Union.

CALL AN OCULIST

Honey—"That boy you were riding with has trouble with his vision?"

Girl—"Yeah, he sees parking spots before his eyes."—State Lion.

As the farmer would revise it: Say it with showers.

A star pitcher is one who is good to the last drop.

Money can't buy happiness, but it can buy a lot of fun.

L. N. George Spends Time in Counties West With Students

L. N. George, ex-student secretary, who has been working in Deaf Smith and Parmer counties and in New Mexico recently, reports that a large number of high school graduates from Hereford, Friona, Bovina, Farwell, Texico and Clovis are coming to W. T. this fall. Mr. George asks every citizen of Canyon to co-operate in the move to get the teachers who are now attending the College and who are expecting to teach this fall, to send at least one high school graduate to W. T. next year.

The interest taken by the members of the college faculty in the welfare of the individual teachers who are attending school here this summer, the influence of the churches of the city, the pleasant boarding conditions, and the interest taken by the business people of the city are all factors in the growing popularity of the Canyon college, according to Mr. George.

SPECIAL SESSION CALLED.

Governor R. S. Sterling yesterday called a special session of the Texas Legislature to convene next Tuesday to consider oil legislation and other matters of importance. The session will continue for thirty days.

State Representative Clyde W. Warwick will leave Sunday to attend the session.

SHIPS IN TWO CARS REGISTERED HAMPSHIRES

The Tierra Blanca Hog Farm, east of the city, has received two car loads of registered Hampshires, consisting of 80 head. The Farm became famous last year by its winnings with Durocs in the various fairs and shows where showings were made.

CONFERRED WITH SHEEP RAISERS IN THE COUNTY

Wilson Farwell, representing the Mid-West Wool Marketing Association of Kansas City was in the county yesterday conferring with the sheep raisers relative to co-operative marketing of their wool crops. The Mid-West organization was recently set up by the Federal Farm Board and is operated under the farm board plan of co-operative marketing of wool.

Mr. Farwell has shipped out several cars of wool from adjoining counties in the Panhandle during the past few weeks.

Two Students Give Outlines on Master of Arts Degrees

Two more graduate thesis subjects were presented before the Seminar of W. T. S. T. C. graduate school during the last week, Mrs. Ruth U. Dyson's on Friday, July 3rd, and Hubert Thompson's on Wednesday, July 1st.

These were the second and third potential Masters' thesis to be presented in W. T., one having been presented to the Seminar in the preceeding week by Mrs. Grace Martin.

The subject presented by Mrs. Dyson is "A Comparison of a Modified Morrison Method Experiment and the Lecture-Textbook Method in Teaching Early European History." Her outline includes an introduction dealing with the purpose of the study, the problem itself, sourse of data, and the method she plans to use; a description of the methods considered; measurement of the results; and summary and conclusions.

Mrs. Dyson, a teacher in the Dalhart schools, plans an experiment in the Dalhart High School with an eighth grade class in Early European History in connection with the writing of her thesis.

The subject chosen and presented by Hubert Thompson is "Religious Education and Bible Chairs in the Colleges and Universities Which are Members of the Southern Association." Hhis outline indicates a thorough treatment of the subject, including the problem. (Problem: What is the status of Bible and religious education in southern colleges and universities?) the limitations of Bible studies in these colleges and universities, the status of teachers of religious education and Bible in colleges and universities, the courses offered, and the facts of administration of Bible and religious education from the standpoint of denominations supporting the work, and the annual expenditures.

Dr. R. P. Jarrett, head of the department of education, the only graduate major field, is major professor for both Mrs. Dyson and Mr. Thompson. Mrs. Dyson's minor professor is L. F. Sheffy, head of the department of history, in which department her work is laid. Mr. Thompson's minor professor has not as yet been decided upon due to the fact that his report is entirely in the field of education.

Miss Mattie Swisher on State Committee For Atwater Kent

Distinguished musicians, educators and experts in public movements in Northern Texas have been enlisted as local chairmen cooperating with Mrs. Robert B. Wylie, State Chairman, in various towns and cities of this section of the state this year, to assist in the search for young singers for the Fifth National Radio Audition contest.

In every section of Northern Texas, music and civis authorities have been consulted and especial care used in the designation of a local audition chairman. This was done in order that there might be the most active sort of campaign for the local auditions. These will qualify one young man and one young woman for the state auditions, which will be the second step toward sharing in the $25,000 in cash awards and the ten musical scholarships offered by the Atwater Kent Foundation to the national winners.

The group of local chairmen in Northern Texas includes:

Robert N. Watkins, Dallas; Miss Clare Drey, Brownwood; Mrs. Clare Parkins-Mangum, Greenvielle; Mrs. Henry Roberts, Waxahachie, Mrs. Ben McClinton, Cisco; Miss Margaret Doorley, Dalhart; Miss Voncille Liddel, Gainesville; Mrs. Nick P. Mitchell, Seymour; Mis Inez Rudy, Bowie; Mrs. L. C. Johns, Abilene; Mrs. Charles H. Cope, Weatherford; Mrs. Rubie D. Suddarth, Tahoka; Mrs. J. L. McMurtry, Clarendon; Mrs. Ralph McDougal, Jacksonville; Mrs. M. McNeely, Memphis; Mrs. A. E. Harhoun, Vernon; Mrs. A. T. Lee, Sherman; Mrs. Ed McKenzie, Anson; Mrs. E. E. Diggs, Childress; Miss Irene Addison, Canadian; Mrs. W. R. Dawes, Big Spring; Mrs. Cecile C. Meskimen, Colorado; Mrs. Pat Matthews, Texarkana; Mrs. H. L. McKaig, Graham; Mrs. G. G. Gramar, Cleburne; Mrs. Jack Booth, Stamford; Mrs. Lois Parker, Wichita Falls; Mrs. J. T. Guthrie, Hillsboro; Miss Mattie Mae Swisher, Canyon; Mrs. Lane McCall, Sweetwater; Miss Fannie V. Noah, Olney; Miss Audrey O'Neal, Waco; Mrs. A. G. Barnard, Lamesa; Miss Christine Collins, Merkel; Miss Amy Glenn, Watador; Mrs. A. H. Freeman, Gruver; Mrs. W. W. Hamilton, Snyder; and Mrs. Ella Hudson Day, Rotan.

What is happening in Northern Texas is happening in every state in the Union where thousands of young singers have already made application to enter the competition through hundreds of local and county audtitions. The response this year to the announcement by the Atwater Kent Foundation of the qualifications of young singers and rules for the auditions has been greater than in the four previous years. Any young man or young woman between the ages of 18 and 25 years, inclusive, may compete. Mrs. Wylie, Dean of Music, McMurry College, Abilene, Chairman of the Northern Texas State Audition Committee, announces that if any espirant for national honors fails to find a local organization in his community, he should communicate with her immediately and steps will be taken to provide an opportunity to enter the test.

Umbarger Items

The farmers were glad to see the rain but stopped some of the work.

Miss Annie Stocker of Amarillo spent Saturday, and Sunday with her parents, Mr. and Mrs. Leo Stocker.

A large crowd attended the party given at the home of Mr. and Mrs. Joe Friemel.

Mr. and Mrs. George Grimm and son spent Sunday with Mr. and Mrs. P. Friemel.

Mr. and Mrs. John Batenhorst visited at the home of Mr. and Mrs. Henry Batenhorst.

J. H. Irvin and son James, of New Mexico made a business trip to Umbarger last week.

If you think your work is hard, how about the bank clerks who count other people's money all day?

CHEMISTS AND FARMERS

Farmers would do well to look to the chemists, rather than to the politician for relief from the present unsatisfactory state of agriculture, according to an institute held by the American Chemical Society.

By devising means whereby hitherto wasted products of the farm may be turned into useful commodities, chemistry has already done much toward increasing the farmer's income, but the possibilities in this respect have been only faintly comprehended by the layman.

Oat hulls can be transformed into furniture, cornstalks into artificial silk, sugar cane bargasse into lumber, and so on. Furfural, used in the making of radio panels, electric light sockets and other articles, is a by-product of the oat crop which was unknown 15 years ago, but one breakfast food company alone in Iowa ships many tons of oat waste daily to be converted into furfural.

In order to handle many of these waste products profitably, new types of machinery must yet be devised, but engineers are constantly working with increasing success toward the end sought.

PUBLIC NUISANCE

A man went to see his physician for advice as to how to be cured of the habit of snoring.

"Does your snoring disturb your wife?" asked the M. D.

"Does it disturb my wife?" echoed the patient. "Why, it disturbs the whole congregation."—The Southwestern Episcopalian.

WHISKERS ON IT

Comic Artist—"This joke ought to be good, I've had it in my head for ten years."

Heartless Editor—"Sort of aged in the wood, as it were."—Hummel.

SUE HIM

Fairview Breezes

All was glad to see the rain which fell Wednesday night. It will certainly do the row crop and gardens good.

Mr. and Mrs. J. W. Wesley were business callers in Amarillo Thursday.

Mrs. W. M. Kinsey, Vernia Catley, Othell Wesley, also Opal and Martha Sutton visited Mrs. H. E. Wesley Friday afternoon.

Bill James was a Happy caller Thursday.

Most all the farmers were busy combining Sunday.

Miss Othell Wesley spent Sunday with her cousins, Opal and Martha Sutton.

Mrs. Earl Ketner and children spent Saturday night in the J. W. Wesley home. Mr. Ketner is working for J. W. Wesley during harvest.

Mrs. W. M. Kinsey and Vernia Catley visited in the Chas. Sutton home Tuesday.

Zita Breezes

Most of harvest is completed; some have not finished, while some are turning stubble.

Mrs. H. B. Hales and children visited Mrs. C. C. Stewart Friday.

Miss Beatrice Fulton left Wednesday to visit with her friend, Miss Faye Hedgecoke who lives in Stinnett.

Mr. and Mrs. F. J. McMahan were visitors with Mrs. Emma Gruner.

Mrs. Carrie Phillips is spending the week with Mrs. C. J. Burchman.

Richmond Hales has been pretty sick the past week. He is improving, we are glad to report.

Robert Brown of Needles, Calif., is visiting with Ray Gowdy.

Wholesale and Retail

Wayside Items.

Northers recently have cooled the atmosphere considerably. We think the days are hot, but visitors say much cooler than other parts farther south.

J. C. Payne and wife attended the burial of Mr. Crow, grandfather of Mrs. Payne, Sunday at Waurika, Kansas. Mr. Crow died at Stillwater, Okla., Saturday. They returned Monday afternoon; reported muddy roads all of the 400 miles distance save between Wayside and Happy. Jessie Chloe and Bryce Fuller spent the time with Mrs. Edith Harrell. Bryce has recently had a serious case of chicken pox.

Rev. J. A. Lindley and wife from Tulia accompanied by a cousin of same name of Lubbock, were with us Sunday. Rev. Lindley filled his appointments. Some lesser crowds than usual, attributed to harvest work.

Rev. Ray Mayfield of Waco, now working in the harvest here, united with the Baptist church at the close of the midday service. He has had two years at Baylor U. and expects to finish there. He leads well in church music.

W. T. Helms recently from Los Angeles, Calif., reached his Wayside home Sunday. Mrs. Helms is still under treatment and unable to accompany him. Has been under treatment for more than a year and they cannot tell how much longer it will be. She is anxious to visit her relatives and home in Texas.

Loyse Knox, one of the twin sons of Mrs. T. B. Knox of Morse, was operated on at the General Hospital in Amarillo last Sunday afternoon for abscess of the liver, also adhesions. The family once lived near Wayside. They have the sympathy of everyone around.

George Hancock, wife and Jerry Lane of Pampa, visited the paternal Lale home July 4th, returning Sunday.

J. M. McGehee is visiting his brother, M. L. McGehee and family. He is able to be up and around some.

John Van Deeks of Sylvia, Kansas, working in the harvest here, received a telegram Monday announcing the death of his sister. Mr. Deeks, wife and little daughter left as soon as they could get off to attend the funeral Wednesday. His wife has been with Mrs. Manford Counterman assisting two weeks.

Mrs. Will Hartric of Temple left Sunday for home after a two weeks visit with her son, Hal Hartric and wife at the teacherage. She likes Armstrong county and may return later.

COLLECTS ANTIQUES.

"How come you always smoke quarter cigars?"

"Somebody else always smokes the other three quarters"—Lehigh Burr.

Ex-Students Have Charge of Chapel Program Tuesday

With the purpose of getting before the summer school student body the activities of the Ex-student Association, members of the association who are in school this summer, under the direction of L. N. George, ex-student secretary, conducted the chapel exercises which were held last Tuesday morning at 9:30.

Introduced by Mr. George, Law Sone, an ex-student of W. T. who has for several years past been superintendent at Panhandle, was main speaker for the morning.

Mr. Sone is in school this term working on his Masters Degree. He is one of the directors of the Ex-student Association.

Among the points brought out by Mr. Sone in his address Tuesday was the urge to every W. T. ex-student to learn that when he is increasing the prestige of W. T. by the work he is doing, he is increasing his own prestige in direct proportion.

Edna Graham, of W. T. mathematics department, explained the plans of the ex-student banquet which is to be held in the Crystal Ballroom in Amarillo next Thanksgiving, when the Texas State Teachers Association meeting is in session there.

Others who appeared on the program were L. N. George and Dean R. P. Jarrett.

The program Tuesday has already given an imputus to the ex-student membership in the association, according to Mr. George, who says that during the past week several have reported to him for membership application.

ELECTION NOTICE

THE STATE OF TEXAS.
CITY OF CANYON
COUNTY OF RANDALL.

Whereas, the City Commission of the City of Canyon deems it advisable to issue bonds of the said City for the purpose hereinafter mentioned:

Therefore, Be It Ordered by the City Commission of the City of Canyon, Texas, that an election be held on the 3rd day of August, 1931, at which election the following proposition shall be submitted:

"Shall the City Commission of the City of Canyon, Texas, be authorized to issue the bonds of the City of Canyon in the sum of Eighteen Thousand ($18,000.00) Dollars, payable serially, $1,000.00 one year from their date and $1,000.00 each year thereafter up to and including the year 1949, bearing interest at the rate of (5%) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing waterworks extensions in said City, as follows:

8" main from Water plant, east in alley north of First Ave., to 15th St. Thence South on 15th St. to 6" mains on 2nd Ave.

6" main on 2nd Ave., from the N. E. Cor. Blk. 19, C. C. Thence East to connect with 6" main North of Block 2 Ballard Addition.

6" Main to begin at connection on 24th St. and 5th Ave. Thence East on 5th Ave. to 26th St.

Thence South to 7th Ave. and 26th St.

Thence West to connection with 6" main on 24th St. and 7th Ave. making a loop.

6" Main beginning on 26th St. and 5th Ave. Thence North on 26th St. to 4th Ave.

Thence East on 4th Ave. 300 ft. to point.

Thence North through the Maxwell Addition to a point on 2nd Ave.

And other waterworks extensions as the City Commission may see fit to install, all in the City of Canyon, Texas.

As authorized by Chapter 1, Title 22, R. S. 1925, and Article 823, R. S. 1925, and the Constitution and Laws of the State of Texas."

The said election shall be held at The City Hall in the City of Canyon, and the following named persons are hereby appointed managers of said election, to-wit:

A. M. Smith, Presiding Judge, C. H. Jarrett, J. D. Gamble, Judges, and Hud Prichard and Oscar Gano, Clerks.

The said election shall be held under the provisions of Chapter 1, Title 22, R. S. 1925, and Article 823, R. S. 1925, and the Constitution and Laws of the State of Texas, and only qualified voters, who are property taxpayers of said City, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballots the words:

"FOR THE ISSUANCE OF BONDS."

And those opposed shall have written or printed upon their ballots the words:

"AGAINST THE ISSUANCE OF BONDS."

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

A copy of this order, signed by the Mayor of the City of Canyon, attested by the City Secretary of the said City, shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up at the City Hall, and at one public place in the voting place in the City of Canyon, for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said City, and which notice shall be published once each week for four weeks, the date of first publication being not less than thirty full days prior to the date of the election.

CITATION BY PUBLICATION

STATE OF TEXAS

To the Sheriff or any Constable of Randall County, Greeting:

You are hereby commanded to summons Elva M. Riggs, whose residence is unknown, to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof in the town of Canyon, Texas, on the first Monday in August, 1931, being the 3rd day of August, 1931, then and there to answer a petition filed in the said Court on the 20th day of June, 1931, the file number of which is 1301, in which suit, H. Lester Riggs is plaintiff and Elva M. Riggs is defendant; the cause of action being alleged, as follows:

That plaintiff and defendant were legally married in Oklahoma City, Oklahoma on the 11th day of July, 1910, and that they lived together as man and wife until the year 1927; that during the month of May, 1927, while plaintiff and defendant were in Ybor City, Florida, defendant, without any provocation or cause, left the bed board of plaintiff, with the intention of finally separating and living apart from him, and has continued so to do up to the filing of this petition, though during the first year of said separation, plaintiff often requested defendant to return to his bed and board and live with him as his wife.

You are hereby commanded to summons such defendant and to serve this citation, by making publication of this citation once in each week for four consecutive weeks prior to the return date hereof, in some newspaper published in your county; but if there be no newspaper published in said County, then in any newspaper in the nearest County where a newspaper is published.

Herein fail not, but have you before said Court on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness, Berle E. Mayfield, Clerk of the District Court of Randall County, Texas.

Given under my hand and seal of said Court in the City of Canyon, this the 20th day of June, A. D. 1931.

(Seal) BERL E. MAYFIELD,
Clerk of the District Court of Randall County, Texas.
Issued this 20th day of June, A. D. 1931.
BERL E. MAYFIELD,
Clerk District Court of
14t4 Randall County, Texas.

NEW STRENGTH in the Blood

clears the skin . . . makes the cheeks rosy . . gives added vim, vigor and pep!

Like beauty . . . a clear skin charms

● Surprise yourself and be the envy of others . . . look better . . . feel better! Blood is Life!! Build more red cells in the Blood—thence will come *Sturdy Health*!!! Countless thousands know this to be a fact. Just take S.S.S. and prove it yourself. You, too, will enjoy your food . . . have firmer flesh . . . sleep sounder . . . your nerves will be calmer . . . your skin will clear up . . . you will possess a greater resistance to infection and disease! *S.S.S. is the world's best blood medicine.* It is composed of freshly gathered medicinal roots and herbs—a gift from Mother Nature. Successful for over 100 years. It works safely . . . surely . . . swiftly! Make a note of your condition today—then compare the difference six to eight weeks hence. *S.S.S. makes you feel like yourself again.*

S.S.S. Purifies and Enriches the Blood

Let Us Estimate Your Repair Cost

Learn from us which building materials are best and most economical for the improvements you have in mind! If it's one kind of a job, lumber is what you want. But it may be concrete, brick, plaster-board, or any one of a dozen commodities or branded products instead.

We'll tell you—give you the facts and figures—and thus save you money and help you secure the utmost satisfaction from your investment. Stop in and talk it over.

Keep Your Home in Good Repair

40,000

Conoco Passport Holders are on Vacation Highways

THESE motorists have requested and received free 1931 Passports from the Conoco Travel Bureau. In addition more than a million are using Conoco Road Maps. Now they are on the highways of America... fishing in the Minnesota Lakes, viewing new scenes in the Rockies, lazying thru restful days in the Ozarks, exploring historic spots in the East... swimming, golfing... enjoying vacation time to the utmost.

As these motorists travel the highways Conoco stations will be their stopping places for service and information. These stations are not merely sales points for Conoco Germ Processed Motor Oil, Conoco Ethyl Gasoline and Conoco Balanced Blend Gasoline; each is a *field outpost* of the Conoco Travel Bureau, rendering many special services, which include:

Local Road Information — Fishing Information
Hotel Information — Package Checking
Mail Forwarding — Camp Information
Assistance in Obtaining Repairs and Making Necessary Purchases

The Conoco Travel Bureau... maintained by the Continental Oil Company... is the only free national service of its kind. It is the culmination of years of growth of the idea of service to travelers, dating from the earliest days of the oil industry. This free service is at your command, whether you plan a long trip or a short one. Stop at Conoco stations, identified by the Red Triangle; call on Conoco men for service. You'll find each a well-informed friend.

put your Telephone on Half-pay *during* Vacation

You'll save money... and spare yourself inconvenience when you return.

The Rumseys are going vacationing.

The milk's been stopped, the ice man has been called off, and the Man Who Delivers the Newspaper has been instructed to bring no more until further notice.

But the telephone will be left at home, drawing full pay in an empty house!

Something should be done about this!

Vacation rates for idle residence telephones

One solution (provided you're planning a vacation of 30 days or more) is to place your telephone on vacation half-rates while you are away.

It's a convenient way to save money. And—this to folks who sometimes have their telephones taken out—it spares you inconvenience on your return.

That's because:

1. You pay just *half* the regular rate.
2. Service is reconnected quickly after you return—usually within 24 hours after you notify us.
3. You keep your present telephone number. (You'd lose it if you had your telephone removed!)
4. Your name remains in the telephone book.

If you wish, while you are away we will refer your calls to another telephone—that of relatives, for instance.

Vacation rates are available for periods of more than 30 days. They apply only to residence telephones — not to business or rural service.

"Something should be done about this"

To obtain them, mail the coupon below, or telephone the business office.

Manager,
SOUTHWESTERN BELL TELEPHONE CO.,
City.

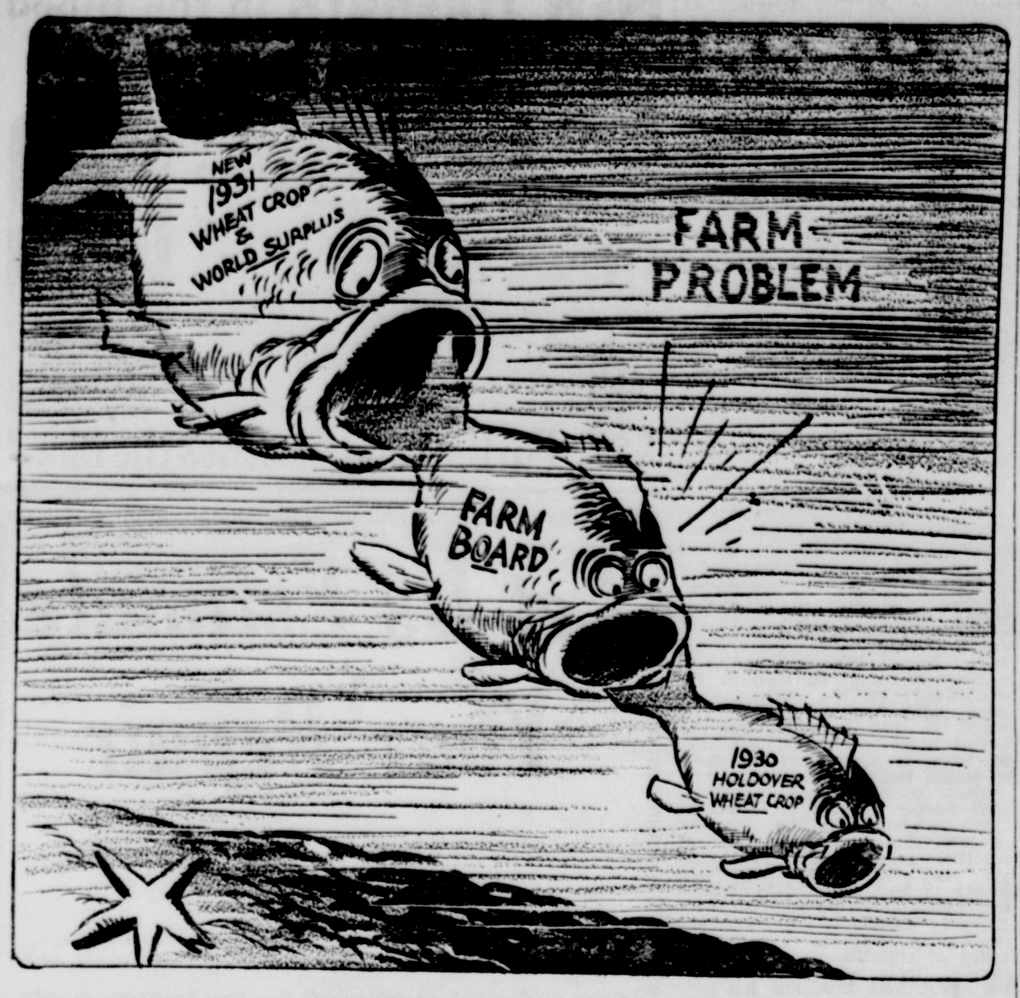
I'm leaving town. Place my telephone on vacation rates from ..... (Date) to ..... (Date)

Transfer my calls to ..... (Telephone No.)

Name .....

Telephone Number .....

LIFE IS JUST ONE THING AFTER ANOTHER



Wheat

(Continued from first page)

er, if anything, than the prediction made last week. Those who had made a study of the wheat situation believed last week that the county average would be as high as 15 bushels to the acre. Yields of 25 to 30 bushels to the acre are very common over the county.

Railroad car shortage will confront the elevators before the end of this week. The Santa Fe had assembled all possible rolling stock in this territory to take care of the big wheat yield, but cars are now getting very scarce. Practically 50 cars per day are being shipped out of Canyon, Umbarger, Ralph and Haney. It is impossible to estimate the amount of Randall county wheat which is going into Happy, Dawn, Wildorado, Bushland, Washburn and Amarillo. Indications from the yields being reported over the county are that the estimate of 2,000,000 bushels for the county will probably be short of the actual yield.

Farmers are reported to be storing all of the wheat that they can possibly take care of on their farms. They are expecting a better price within a very short time after harvest. Business men have encouraged the farmers to hold all of the wheat for which they have storage room, since even if the price does not improve materially during the coming fall, they will at least have a money crop which may be hauled to town at their leisure.

Mr. Upchurch states that he has never seen the row crops of Randall county in better condition. With a favorable spring, the farmers had their land in excellent condition before the harvest rush started. It is believed that the farmers not only prepared their land better this spring, but also have worked the row crop much better than usual, and as a result of the clean fields and good rains of last week a bumper row crop is expected over the county.

MAYOR BELLAH TO TALK TO THE ROTARY CLUB

Mayor R. A. Bellah will talk to the Canyon Rotary Club next Tuesday at the luncheon period regarding the two city bond issues which are going to the voters in the near future. Commissioners R. P. Jarrett and Grady Oldham, together with City Secretary Harvey Cash will also be on the program.

Albers Car Not Damaged–Two New Casings Put On

The car thieves were kind to E. H. Albers when they took his car last week after wrecking the Buick near the Albers home. The car was left in Oklahoma City unharmed, and two new casings were put on the rear wheels.

Sheriff John Fry states that the Buick was serviced in Joplin, Mo., a few days before being found east of town. The car was used by men who robbed a Piggly-Wiggly store in Amarillo, as indicated by the checks made to this store, and which were left in the Buick. Finger prints were found on the Albers car in Oklahoma City, and experts are working on the case.

The thieves stole a Nash in Oklahoma City, when the Ford sedan was abandoned.

New Officials in Charge Tests of Herd Association

C. B. Ray arrived Monday to accept a position as official tester for the Randall County Herd Improvement Association. Mr. Ray was a student in A. & M. College last year, where he was an official inspector for the state.

County Agent, W. H. Upchurch states that twenty-five herds are members of the association. An annual report of the work of the association is being compiled for the information of the members, and others who may be interested in herd improvement.

WANTS TO ENTER TEAM IN TOURNAMENT SUNDAY

Carl Laughery is trying to get his baseball team together so as to enter the News-Globe baseball tournament which opens next Sunday. He states that so many of the men are in the harvest field that no practice has been possible the past few weeks.

Canyon will be represented in the tournament if Mr. Laughery can get his players together by Sunday.

In times of prohibition an alert man is one who never allows himself to get caught nipping.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.

Old Dinner Horn Given Museum by D. A. Goodwin

An old dinner horn, traced back to be more than 131 years old, was presented to the Panhandle-Plains Historical Society Tuesday by Rev. C. E. Jameson, who brought it as the gift of Mrs. Jameson's father, D. A. Goodwin of Springfield, Colorado. The horn has been in the Goodwin family since 1800, according to definite information, and may have belonged to members of the family many years previous to that date. The horn was used on a southern plantation, states Mr. Jameson.

The Jameson family returned Tuesday from a short visit in Oklahoma and Colorado.

Farming pays in Randall county.

County Judge Sends in some Worn Books

County Judge S. B. Orton is preparing to ship back to Austin all of the textbooks not now in use in the county depository, especially those which have been badly worn from use.

Judge Orton states that many of the books returned to Austin are burned by the department of the state superintendent.

In order to keep a close check upon the books in the county, Judge Orton required all teachers to return to his office all books at the close of the school term.

With silver so low, now is the golden time to buy.
